Mobile is the new normal.

Mobile has huge impact.

“ *Mobile?*

*Yeah, we tried it. Doesn't convert.*

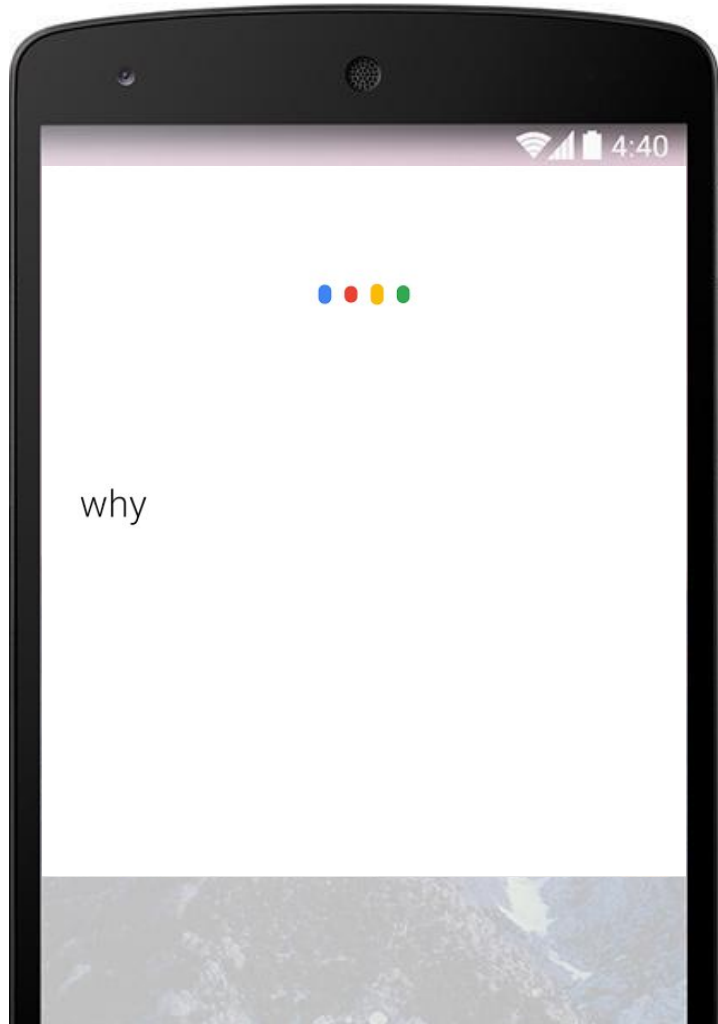

*Seriously, **mobile drives no value for us**. Conversion Rates are terrible, especially compared to desktop!*

”

# Many CMO's issue: Poor Mobile Conversion Rates

Desktop Conversion Rate  
is almost 3x the Mobile  
Conversion Rate.

## Understand the X-device impact

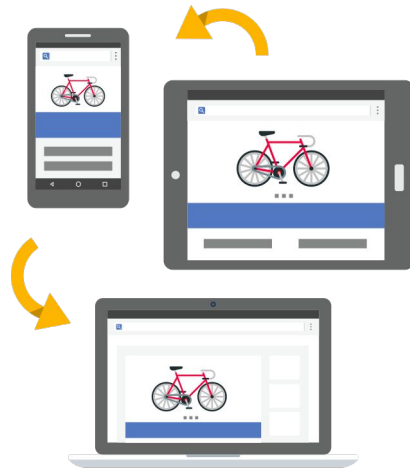

03

## 2 common reasons for not seeing x-device conversions

- 01** **Mobile Site** not properly tagged
- 02** **Conditional Firing** of the AdWords Conversion Pixel

***Conditional Firing:*** An advertiser changed the AdWords conversion tracking tag to only load for AdWords traffic, which breaks our ability for cross-device tracking.

---

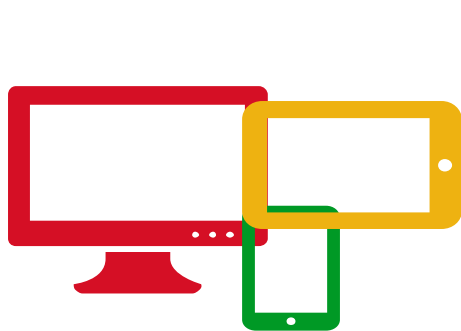

# 03

Do not use conditional firing for the AdWords conversion Tag
